Tylo Round Vision
Ex-display 1 only

The uniquely innovative shape of Round Vision has set a totally new standard for what a sauna room can look like. With its large expanses of glass, beautifully rounded front and beechwood frame, this sauna is not only an aesthetic exclamation mark in any contemporary bathroom, but also an ingenious solution for providing a sensation of space in settings where space is limited.

THE ROUND VISION PACKAGE INCLUDES:

Thermally insulated wall and ceiling sections with wooden panelling • Interior fittings in slender strips of natural beech • Glazed sections and door in tempered safety glass • Light fittings and transformer • Wall plate for sauna heater • Components for concealing electric connections • Aluminium floor frame • Corner/ceiling mouldings • Air vents • Assembly hardware

*Please note this price is for the Hot Tub Only, Delivery & Installation is not included in this price.
